MEET THE YOUTH LEADERS

Gianna Acquisto

Gianna conceptualized this year's Ode to Earth as an open community arts festival, and began recruiting volunteers in early 2024 to bring that vision to life. With her leadership, the event has grown to become the vibrant celebration of music, art, dance, poetry, and environmental harmony it is today.

Among her many roles, 17-year-old Gianna has served as committee leader, talent scout, event promoter, art and graphic designer, performer, emcee, and more.

In addition to her leadership role on the Ode to Earth planning committee, Haley has also founded the first official student chapter of 350 Sacramento at her school called 350 at GBHS. Follow [@350gbhs](https://www.instagram.com/350gbhs) on Instagram to follow their journey!
